FROM THE PRESIDENT

Camille Carter, President

The Madison Black Chamber of Commerce is pleased to publish the third edition of the Black Business Directory as a service to the community.

This Directory gives you a quick-reference and ready access to Black-owned businesses across Madison and Dane County Wisconsin.

For newcomers and long time residents alike, the Directory is useful as a starting point of contact. This edition does a listing by business name, by category and by owner name. If, for example, you need a barber or beautician, use the category list if you do not know the business name. Or you can use the owner's first name list if a first name is a key reference for you.

A section called **Business Resources** was added in response to our businesses who had difficulty in finding resources at start-up.

We ask you to think "Buy local." Stretch that to "Buy Black." This directory is a starting point.

You can buy insurance, used cars or rent a limousine from a Black business. You can have your bathroom remodeled or your yard landscaped. You can choose to eat from 11 different Black-owned restaurants. You can have your hair professionally styled at one of over 20 salons.

You will find over 300 businesses of all kinds, which represents a 33% growth from the last publication. These businesses range from tax accountants to artists, from landscapers to retail clothiers, from home-based businesses to slightly over 100 brick and mortar businesses; from start-ups to businesses existing for over 30 years; from mom and pop to multi-million dollar businesses.

Most importantly, the Directory is a testament that Black Madison is a part of the commerce and vibrancy of the city of Madison, even though Madison does not

have a proverbial Black side of town. We reside and work all over and our businesses are integrated into the economic fabric of Madison and Dane County.

In the 2018 Directory we include a list of Black-led churches and community organizations. This is an example of how we are invested in the community. We have also included a calendar of annual events. All of this provides a comprehensive look at the infrastructure of Madison's Black community.

When we spend more of our dollars with Black-owned businesses, we strengthen our communities, we provide for more mortgages, we send more kids to college, we tithe in greater amounts to charities and churches.

It has been reported that Black consumers spent \$1.2 trillion (not million or billion) in 2016. This purchasing power shows the power of the Black community's dollar. There are 43 million African Americans in the United States who make up almost 14% of the population.

Let's not underestimate who we are and what we can do.

How to MAXIMIZE the use of this directory

We ask you to set a goal of spending, let's say, 10% of your income with a Black-owned business. Or patronize at least one Black business each month. Or buy all your hair and beauty products from businesses in this Directory. When you need a lawyer or insurance agent, check this Directory first.

Remember that it's not always convenient to patronize a Black-owned business if it is not located in your immediate neighborhood. But it is so worthwhile in the long run.

The Chamber's motto is *Making Smart Black Businesses Smarter*. Our business is to promote, advocate, lead and build connections for the existing businesses we have.

We can grow. We can build community. We can excel. We are depending on you.

Please tell the Chamber about any new Black business that opens up so we can celebrate this milestone.

I would be remiss if I did not recognize the extraordinary diligence of Board member Milele Chikasa Anana and her staff in putting this Directory together. She and other Board members are a great team to work with.

1. *Look up a business by its business name in alphabetical order, starting on page 6*
2. *Look up a business by category, page 26*
3. *Look up a business by the owner's first name, page 32*
4. *Go online to the Madison Black Chamber website (www.madisonblackchamber.com) and search by business name, category or first name*
5. *Consult the Business Resources section, page 44, to get additional help if you own a business*
6. *Refer this Directory to other people and encourage everyone to patronize these businesses*
7. *The Directory is available online on our website. Additional print copies can be had for the asking.*
8. *Like us on Facebook*

FIVE *ways to support Black-owned businesses*

Black-owned businesses need your support to grow and thrive.

It has been reported that Black consumers spent \$1.2 trillion (not million or billion) in 2016 and will grow to \$1.4 trillion by 2020.

Only a fraction of that money goes back into the Black community. Patronizing Black-owned businesses is a great way to change this trajectory.

Unless you live in Memphis, Tennessee, Montgomery, Alabama or Atlanta, Georgia (the top three cities for Black-owned businesses, according to BlackTech), it requires a little more effort to find and support Black businesses.

Here are five ways you can support Black-owned businesses. Make the extra effort.

1 PATRONIZE LOCAL BUSINESSES SUCH AS THOSE LISTED IN THIS DIRECTORY.

One of the most convenient ways to support Black-owned businesses is by finding the ones in your area. It's simple to do and can make shopping easier. This Directory is online and so are many others.

Nation-wide, try sites like Black Art Depot, Black Owned Business Network, Black Owned Businesses, WhereU, BlackBusinessList, Supportblackowned or website listings in your area.

2 DOWNLOAD APPS.

Apps like Black Owned Businesses and Around the Way (both free on Google Play and the App Store) are some mobile options. Both locate nearby businesses. The former has a push notification when new locations pop up in your area. Black Art Depot is a fantastic, online store.

3 SHOP ONLINE.

From hair products to jewelry, to clothes, to art, to cars, online shopping can be a good source for getting what you want while supporting a Black business. The Afrobella Black Owned Business Directory maintains a huge list of online vendors, from popular solo sellers to Etsy stores.

4 SPREAD THE WORD ON SOCIAL MEDIA.

Once you find businesses you like, make sure other people know about them. Everyone loves having a secret, favorite local spot, so share that with others. Twitter, Facebook and Tumblr are all great starting places to spread the word about local businesses you love.

5 HOST EVENTS AT BLACK-OWNED BUSINESSES.

Do you have a birthday, a meeting or special event coming up? Keep a local Black business in mind as the venue. Not only does this spread awareness, it introduces potential customers to the business.

Neighborhood Churches

The African American Council of Churches of Greater Madison (AACC) is comprised of approximately 20 predominantly African American Churches.

Congregations range in size from about 20 members to several hundred. Members of the AACC comprise a broad range of the Black population of Dane County. Therefore, it is in a unique position to disseminate pertinent information throughout the Black community quickly and effectively.

The AACC is a respected group of African American leaders that are at the forefront of the issues that affect its constituency. Bishop Harold Rayford, President, African American Council of Churches.
